Issue 4 April 2003

Spring has sprung!!

They say April showers will bring May flowers. Well at this rate we should see a lot of flowers come May. I've spent the last few weeks repotting, pruning and air layering. Hopefully I will get everything done before summer gets here.

This month we will be preparing for the May (15,16,17,18) show in the mall.

At this meeting we will need to find out who can provide trees and how many. It would be nice if we could get everyone to provide at least 2 trees a piece. Please bring in the trees you would like to display so that we may get them ready for the show. We will also need many volunteers. On Thursday evening at 7:00pm we will need volunteers to help set up the exhibit. On Friday and Saturday between 7:00am and 10:00pm and Sunday between 7:00am and 4:00pm we will need volunteers to man the

exhibit. On Sunday at 4:00pm we will need volunteers to help tear down the exhibit. We will have a sign up sheet at the meeting so check you calendar to see what days/hours you will be able to help.

We would also like to get a lot of pictures. So everyone with a camera come by and take lots of pictures. I will make some flyers advertising our show. If I have them done by

Friday I will bring them to the meeting and hand them out to who ever would like to help get them posted.

Last months topic was repotting. Jerry Tomeo

demonstrated the proper technique for root pruning and repotting on a large and very old collected pine. Thank you Jerry for this fun and informative demonstration.

As usual I am always looking for fun and interesting content. So if you have anything you would like to publish in the club newsletter please let me know.

See you Friday!

This months meeting will be held at Olympic College in the shop area room 114 on Friday April 18<sup>th</sup> 7:00 P.M.
